Old Business

President's Update:

Reminder of Slack Engagement Policy

- All Executive Council members and staff will download Slack on their devices, with notifications.
- EC members will check Slack regularly, engage in discussions, and vote accordingly.
- Any new items that require voting will have 3 days for discussion and 3 days for voting (if EC members are checking Slack at least every 2-3 days that will ensure everyone's participation in each aspect).
- Exceptions to the 6-day deliberation/voting process can be made in emergencies that are time sensitive. If this is necessary, an email will be sent to all EC members with directions.

- If an EC member needs to be away from Slack (for personal issues, work issues, or lack of internet access) for more than 5 days, it would be helpful if they would inform the Executive Director, Secretary, and AESA President.
- Note on voting: Voting happens through Slack via Survey Monkey (posted by the secretary). We do not vote directly on slack. We do make motions and second them through Slack.

Reminder: even if you do not have anything substantive to contribute to a SLACK discussion, please provide some indication (like an emoji) that you have read and are up to speed on the discussion.

Institutional Sponsorship/Membership

- Institutional funds are an important operating resources.
- Highly encouraging folks to reach out to their institutions to see if they can be an institutional sponsor or member. We can modify this to suit the needs of whatever organization is making the purchase.
- Spring UnConference

 - Emphasis on connecting with folks who are not able to attend in real life and keep them engaged so they continue to feel connected.
